Letter of recommendation for independent contractor

To whom it may concern,

I am writing to recommend independent contractor Ladie May Abadilla. She worked with us at Ticketaria, under parent company Chateau Ste Agnes as an Accounting Support and reported to me in my position as Director of Finances.

As an independent contractor, Ladie May was always reliable, available, competent and looking for the appropriate information in order to execute the required tasks.

Ladie May understood the accounting systems and methods already in place and was not shy to recommend other means of working to facilitate the team's efforts, which I really appreciated.

Should you have any further questions, feel free to contact me.

Thanks,
